Ministry of New and Renewable Energy
Grid Connected Rooftop Solar Division**

Block No.14, CGO Complex,
Lodhi Road, New Delhi 110003,
Date: 1st September 2021

OFFICE MEMORANDUM

Subject: Amendment in Implementation Guidelines of Rooftop Solar Programme Ph-II.

The implementation Guidelines of Rooftop Solar Programme Ph-II were issued by the Ministry on 20 August 2019 and subsequently amendments were issued from time to time to ease implementation of the Programme.

2. Representations have been received from the implementing agencies to allow empanelment of sufficient number of vendors to allocate and complete installation of sanctioned RTS capacity. The issue was examined in the Ministry and following amendment has been made in the implementation Guidelines of Rooftop Solar Programme Ph-II:

Existing Clause in Phase-II guidelines	Amended Clause
5.1.6 All the bidders within the price bracket of (L1 + X% of L1) shall be empanelled. The digit "X" may be decided by the agency and should be clearly indicated while inviting Expression of Interest. The digit "X" shall not be more than 25. Further, if total no. of empanelled agencies are found to be less than 5 in the acceptable band, then the DISCOM may also include those agencies who fall in L1+(X+5)% of L1, provided they agree to match L1.	5.1.6 All the bidders within the price bracket of (L1 + 25% of L1) shall be empanelled on acceptance of L1 price matching. If total capacity allocated/accepted by these empanelled bidders is less than tender capacity, the option of L1 price matching will be extended to other bidders in the ascending order of price quoted by them till total tender capacity is allocated/ accepted by bidders or all bidders have been given option for L1 price matching, whichever is earlier.

2. This issues with the approval of competent authority.
