

Notice

The Ministry is in receipt of applications/representation from general public for release of subsidy against the Rooftop Solar Systems installed by MNRE empanelled channel partners or new entrepreneurs without any prior sanction/approval from MNRE/SNAs. It has been observed that some Channel Partners/agencies are deliberately misguiding the users by installing systems without any prior approval and guiding users to get subsidy from MNRE.

All channel partners/agencies are hereby instructed not to involve in such fraudulent practices. Any Channel Partner/agency found to be indulged in such activity, would be debarred as MNRE channel partner and would also be blacklisted.

General public is hereby informed that MNRE does not sanction projects to Channel Partners or release subsidy directly to users. The release subsidy is through State Nodal Agencies (SNAs) and other Government Agencies or SECI.
